➤ **AS THE WORLD TIPPED**
Wired Aerial Theater (Welsh)

High ropes performance
On Saturday 10th and Sunday 11th at 9.00pm.

Combining aerial dancing and video projection, this outstanding show tells the poignant story of the present ecological crisis. "As the world tipped" asks one of the most urging questions for the planet with poetry, humor and emotion.

As the stage slowly tips vertically, the characters meet hanging over the public. They can hardly control this world which becomes more and more unstable and eagerly struggle against the irreversible effects of the environmental catastrophe.

➤ **CHAMÔH !**
Paris Bénarès Company (France)

Street march
On Friday 9th at 4.30pm – Saturday 10th at 10.30am and 7.00pm – Sunday 11th at 11.30am and 8.00pm
Le Mourillon beaches

Escaped from "Bombay Circus of the Soleil", the Chamôh and Mr. Pif invite you a strange trip on the streets. A peculiar and fragile relationship is created between the two characters. Chamôh will not be tamed easily, and only does whatever he wants... and so does Mr. Pif. But their complicity becomes slowly obvious under the watchful eye of the safety men ensuring the good operation of the show. Under enchanted eyes, Chamôh and his friends will make you live an unmatched trip which images will stay forever in our urban landscape.

Paris Bénarès Company (France)

Street march
On Friday 9th, Saturday 10th at 3pm, Sunday 11th at 4.00pm – City center

The structure of the "Sacred cows", made of metal, wood and resin is in the same as "Chamôh"'s. They are two giant Indian cows on the same structure entirely articulated. They come to life thanks to 8 operators at the sound of an Indian music. These two puppets interact with the public and the surrounding environment with a lot of details and realism.

On Sunday 11th at 11.00am – on the Port / 4.00pm – City center

A traveling concert set on a 4 meter high giant wheel, three jazz rock musicians go through the city inside this machine. Music sets the engine into motion, the engine starts the music. An itinerant urban tale made by César Alvarez with Pilu Spagnuolo's original music. Not only is "Rodafonio" a magnificent theatrical element but it is also a perfect blend between street arts, theater and music.
